

WHEEL DRILL

SET UP: Place 3 tees on 4 sides of the hole at these 3 distances- 2 feet, 3 feet, and 4 feet away from hole. A SET is considered each side of the hole all 3 putts made. Score 1 point for each set of 3 putts made. **4 sets equal 1 wheel, you must complete 5 wheels without stopping for a break. 20 sets is 5 wheels– 20 points is a perfect score!!**

TO PLAY: Use 1 ball putt each distance with 1 chance from 2 foot, 3 foot, and 4 foot. Must make all 3 putts for 1 point, then move to next side of hole, continue around—4 sides equals 1 wheel completed.

WHAT YOU LEARN: **1.** If you miss one, move on, refocus and make the next putt. **2.** Pressure putting, you've made the first 2 now you need the 4 footer to get a point. **3.** Focus- Playing 5 wheels helps with concentration
